

Cartier

Cartier Diabolo

Created in the classic Cartier design, the Diabolo has been re-imaged with a modern décor: The Chevron. An ideal style for men or women, the black lacquer-enriched body feels comfortable while the Chevron design adds depth and character to the palladium-finished cap. A “C” for Cartier is engraved into the cap end and the Cartier name is engraved three times on the cap’s ring. A lustrous azure-colored cabochon set into the cap’s top nicely finishes off this beautiful presentation. The Diabolo is available in a cartridge or converter fountain pen with a rhodium-plated 18k nib, rollerball or twist-action ball point.
