

Namiki Vanishing Point Fountain Pens

The Vanishing Point retractable fountain pen is a product rich in both history and performance. Its brilliant design and ingenious technology make it a pen for the new age. Their unique, durable metal bodies and attractive accents make this collection a masterpiece all its own. They are available in black, blue or red barrels with gold or rhodium accents, black or blue carbonesque finishes with rhodium accents, and yellow, brown, raden, chrome, white and gun metal gray finishes with rhodium accents. All the pens are available with an 18k Gold fine, medium or broad nib. The pens also use a distinctive Vanishing Point Converter that can be used to change the nib points.
