**MONT
BLANC** 

Montblanc Meisterstück - Tribute to the Mont Blanc

Overlooking all of Europe, Mont Blanc has become the symbol of a company that has represented timeless beauty, eternal values and passionate craftsmanship for over a century. When the sunlight breaks upon Mont Blanc's snow-capped summit and reflects off its sleek glacial ice, its true majestic power is unveiled. The magic of this moment is mirrored in the snow-white lacquering that unifies incandescently with the pen's platinum fittings and rhodium-plated 18k Gold nib. Just above the nib, the names and altitudes of each individual summit of the magnificent mountain is engraved in platinum plating. Also available in Rollerball and Ballpoint editions.
